ILLINOIS FIRE SPRINKLER CONTRACTOR LICENSING ACT

ILLINOIS INFORMATION ON LICENSURE REQUIREMENTS FOR FIRE SPRINKLER CONTRACTOR ACTIVITIES

This is general information only. For further details on State license requirements, contact our Office.

Illinois licenses contractors to perform Fire Sprinkler Contracting activities and recognizes the applicable standards of the National Fire Protection Association for the installation, maintenance, and testing of fire sprinklers.

The following information is needed to complete the License application for Fire Sprinkler Contractor: Complete the state license application which can be downloaded at http://www.sfm.illinois.gov/documents/SprinklerContractorLicenseApplicationRenewal.pdf Identify the date the business was organized and Federal Employer Identification Number. List the officers of the business on the application ((a) in a sole proprietorship the owner and any person exercising managerial control; or (b) in a partnership, any partner having at least 10% ownership and any partner who exercises managerial control; or (c) in a corporation, any officer or director of the corporation and any person who has at least 10% ownership interest in such corporation) Submit a certificate of insurance providing coverage for personal injuries in the amount of not less than \$500,000.00 per person or \$1,000,000.00 per occurrence, coverage for property damage not less than \$1,000,000.00 per occurrence, and proof of worker's compensation List the Designated Certified Person or, when applicable, the Responsible Managing Employee. Provide a *copy* of the Designated Certified Person's Illinois Professional Engineering License or NICET Level III certification in fire protection technology automatic sprinkler layout. For employees or licensees involved in the inspection and/or testing of existing fire sprinkler systems and/or control equipment, provide a *copy* of either (i) NICET Level II certification in Inspection and Testing of Water Based Systems (or its equivalent) or (ii) evidence of satisfactory completion of certified sprinkler fitter apprenticeship program. Submit a copy of the business' organizational chart showing the supervisory duties of the Designated Certified Person Submit a certified copy of the Assumed Name Filing from the county clerk if the business operates under another name. Once the application has been processed and approved, you will be invoiced for the \$1,500 fee. The license is valid for 2 years and the license fee must be paid at time of invoice. If you fail to renew the license by the license's expiration date, a reinstatement fee of \$100.00 shall be assessed in addition to the \$1,500.00 fee. Upon receipt of the above documents and review of the application, the Office shall issue a license to engage in fire sprinkler contracting or shall notify the applicant of the reason for the denial of such license. Information on licensing can be obtained from: http://www.sfm.illinois.gov/commercial/buildings/sprinklerlicense.aspx

Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as Public Acts soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the Guide.

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

PROFESSIONS, OCCUPATIONS, AND BUSINESS OPERATIONS (225 ILCS 317/) Fire Sprinkler Contractor Licensing Act.

(225 ILCS 317/1)

Sec. 1. Short title. This Act may be cited as the Fire Sprinkler Contractor Licensing Act. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/5)

Sec. 5. Legislative intent. It is declared that within the State of Illinois there are, and may continue to be, locations where the improper installation or repair of fire sprinkler systems creates conditions that may adversely affect the public health and general welfare. Therefore, the purpose of this Act is to protect, promote, and preserve the public health and general welfare by providing for the establishment of minimum standards for licensure of fire sprinkler installation contractors.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/10)

Sec. 10. Definitions. As used in this Act, unless the context otherwise requires:

"Designated certified person" means an individual who has met the qualifications set forth under Section 20 of this Act.

"Fire protection system layout documents" means layout drawings, catalog information on standard products, and other construction data that provide detail on the location of risers, cross mains, branch lines, sprinklers, piping per applicable standard, and hanger locations. "Fire protection system layout documents" serve as a guide for fabrication and installation of a fire sprinkler system and shall be based upon applicable standards pursuant to Section 30 of this Act.

"Fire sprinkler contractor" means a person who holds himself or herself out to be in the business of or contracts with a person to install or repair a fire sprinkler system.

"Fire sprinkler system" means any water-based automatic fire extinguishing system employing fire sprinklers, including accessory fire pumps and associated piping, fire standpipes, or underground fire main systems starting at the connection to the water service after the approved backflow device is installed under the requirements of the Illinois Plumbing Code and ending at the most remote fire sprinkler. "Fire sprinkler system" includes but is not limited to a fire sprinkler system in a residential, commercial, institutional, educational, public, or private occupancy. "Fire sprinkler system" does not include single sprinkler heads that are in a loop of the potable water system, as referenced in 77 Ill. Adm. Code 890.1130 and 890.1200.

"Licensee" means a person or business organization licensed in accordance with this Act.

"NICET" means the National Institute for Certification in Engineering Technologies.

"Person" means an individual, group of individuals, association, trust, partnership, corporation, person doing business under an assumed name, the State of Illinois, or department thereof, any other state-owned and operated institution, or any other entity.

"Supervision" means the direction and management by a designated certified person of the activities of non-certified personnel in the installation or repair of fire sprinkler systems.

(Source: P.A. 94-367, eff. 1-1-06.)

(225 ILCS 317/12)

Sec. 12. License; enforcement; failure to pay tax. No person shall act as a fire sprinkler contractor, or advertise or assume to act as such, or use any title implying that such person is engaged in such practice or occupation unless licensed by the State Fire Marshal.

No firm, association, or corporation shall act as an agency licensed under this Act, or advertise or assume to act as such, or use any title implying that the firm, association, or corporation is engaged in such practice, unless licensed by the State Fire Marshal.

The State Fire Marshal, in the name of the People and through the Attorney General, the State's Attorney of any county, any resident of the State, or any legal entity within the State may apply for injunctive relief in any court to enjoin any person who has not been issued a license or whose license has been suspended, revoked, or not renewed from practicing a licensed activity, and upon the filing of a verified petition, the court, if satisfied by affidavit or otherwise, that such person is or has been practicing in violation of this Act may enter a temporary restraining order or preliminary injunction, without bond, enjoining the defendant from such further activity. A copy of the verified complaint shall be served upon the defendant and the proceedings shall thereafter be conducted as in other civil cases. If it is established that the defendant has been or is practicing in violation of this Act, the court may enter a judgment perpetually enjoining the defendant from such further activity. In case of violation of any injunctive order or judgment entered under the provisions of this Section, the court may summarily try and punish the offender for contempt of court. Such injunctive proceeding shall be in addition to all penalties and other remedies in this Act.

The State Fire Marshal may refuse to issue a license to, or may suspend the license of, any person who fails to file a return, to pay the tax, penalty, or interest shown in a filed

return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/15)

Sec. 15. Licensing requirements.

- (a) It shall be unlawful for any person or business to engage in, advertise, or hold itself out to be in the business of installing or repairing fire sprinkler systems in this State after 6 months after the effective date of this Act, unless such person or business is licensed by the State Fire Marshal.
- (b) In order to obtain a license, a person or business must submit an application to the State Fire Marshal, on a form provided by the State Fire Marshal containing the information prescribed, along with the application fee.
- (c) A business applying for a license must have a designated certified person employed at the business location and the designated certified person shall be identified on the license application.
- (d) A person or business applying for a license must show proof of having liability and property damage insurance in such amounts and under such circumstances as may be determined by the State Fire Marshal. The amount of liability and property damage insurance, however, shall not be less than the amount specified in Section 35 of this Act.
- (e) A person or business applying for a license must show proof of having workers' compensation insurance covering its employees or be approved as a self-insurer of workers' compensation in accordance with the laws of this State.
- (f) A person or business so licensed shall have a separate license for each business location within the State or outside the State when the business location is responsible for any installation or repair of fire sprinkler systems performed within the State.
- (g) When an individual proposes to do business in her or his own name, a license, when granted, shall be issued only to that individual.
- (h) If the applicant requesting licensure to engage in contracting is a business organization, such as a partnership, corporation, business trust, or other legal entity, the application shall state the name of the partnership and its partners, the name of the corporation and its officers and directors, the name of the business trust and its trustees, or the name of such other legal entity and its members and shall furnish evidence of statutory compliance if a fictitious name is used. Such application shall also show that the business entity employs a designated certified person as required under Section 20. The license, when issued upon application of a business organization, shall be in the name of the business organization and the name of the qualifying designated certified person shall be noted thereon.
- (i) No license is required for a person or business that is engaged in the installation of fire sprinkler systems only in single family or multiple family residential dwellings up to and including 8 family units that do not exceed 2 1/2 stories in height from the lowest grade level.
- (j) All fire protection system layout documents of fire sprinkler systems, as defined in Section 10 of this Act, shall

be prepared by (i) a professional engineer who is licensed under the Professional Engineering Practice Act of 1989, (ii) an architect who is licensed under the Illinois Architecture Practice Act of 1989, or (iii) a holder of a valid NICET level 3 or 4 certification in fire protection technology automatic sprinkler system layout who is either licensed under this Act or employed by an organization licensed under this Act. (Source: P.A. 97-112, eff. 7-14-11.)

(225 ILCS 317/20)

Sec. 20. Designated certified person requirements.

- (a) A designated certified person must either be a current Illinois licensed professional engineer or hold a valid NICET level 3 or higher certification in "fire protection technology, automatic sprinkler system layout".
- (b) At least one member of every firm, association, or partnership and at least one corporate officer of every corporation engaged in the installation and repair of fire sprinkler systems must be a designated certified person.
- (c) A designated certified person must be employed by the licensee at a business location with a valid license.
- (d) A designated certified person must perform his or her normal duties at a business location with a valid license.
- (e) A designated certified person may only be the designated certified person for one business location and one business entity.
- (f) A designated certified person must be directly involved in supervision. The designated certified person does not, however, have to be at the site of the installation or repair of the fire sprinkler system at all times. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/25)

Sec. 25. Change of a designated certified person. When a licensee is without a designated certified person, the licensee shall notify the State Fire Marshal in writing within 30 days and shall employ a designated certified person no later than 180 days from the time the position of designated certified person becomes vacant. Failing to fill the vacant position shall cause the license of the person or of the business organization to expire without further operation of law

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/30)

Sec. 30. Requirements for the installation, repair, inspection, and testing of fire protection systems.

- (a) Equipment shall be listed by a nationally recognized testing laboratory, such as Underwriters Laboratories, Inc. or Factory Mutual Laboratories, Inc., or shall comply with nationally accepted standards. The State Fire Marshal shall adopt by rule procedures for determining whether a laboratory is nationally recognized, taking into account the laboratory's facilities, procedures, use of nationally recognized standards, and any other criteria reasonably calculated to reach an informed determination.
- (b) Equipment shall be installed in accordance with the applicable standards of the National Fire Protection Association and the manufacturer's specifications.
- (c) The contractor shall furnish the user with operating instructions for all equipment installed, together with a

diagram of the final installation.

- (d) All fire sprinkler systems shall have a backflow prevention device or, in a municipality with a population over 500,000, a double detector check assembly installed by a licensed plumber before the fire sprinkler system connection to the water service. Connection to the backflow prevention device or, in a municipality with a population over 500,000, a double detector assembly shall be done in a manner consistent with the Department of Public Health's Plumbing Code.
- (e) This licensing Act is not intended to require any additional fire inspections at State level.
- (f) Inspections and testing of existing fire sprinkler systems and control equipment must be performed by a licensee or an individual employed or contracted by a licensee. Any individual who performs inspection and testing duties under this subsection (f) must possess proof of (i) certification by a nationally recognized certification organization at an appropriate level, such as NICET Level II in Inspection and Testing of Water Based Systems or the equivalent, by January 1, 2009 or (ii) satisfactory completion of a certified sprinkler fitter apprenticeship program approved by the U.S. Department of Labor. State employees who perform inspections and testing on behalf of State institutions and who meet all other requirements of this subsection (f) need not be licensed under this Act or employed by a licensee under this Act in order to perform inspection and testing duties under this subsection (f). The requirements of this subsection (f) do not apply to individuals performing inspections or testing of fire sprinkler systems on behalf of a municipality, a county, a fire protection district, or the Office of the State Fire Marshal. This subsection (f) does not apply to cursory weekly and monthly inspections of gauges and control valves conducted in accordance with the standards of the National Fire Protection Association.

A copy of the inspection report for an inspection performed pursuant to this subsection (f) must be forwarded by the entity performing the inspection to the local fire department or fire protection district in which the sprinkler system is located. The inspection report must include the NICET Level II Inspection and Testing of Water Based Systems certification number or journeymen number of the person performing the inspection.

(Source: P.A. 96-256, eff. 1-1-10; 97-112, eff. 7-14-11.)

(225 ILCS 317/32)

Sec. 32. Application for building permit; identity theft. A person who knowingly, in the course of applying for a building permit with a unit of local government, provides the license number of a fire sprinkler contractor whom he or she does not intend to have perform the work on the fire sprinkler portion of the project commits identity theft under paragraph (8) of subsection (a) of Section 16-30 of the Criminal Code of 2012.

(Source: P.A. 96-1455, eff. 8-20-10; 97-333, eff. 8-12-11; 97-597, eff. 1-1-12; 97-1109, eff. 1-1-13; 97-1150, eff. 1-25-13.)

(225 ILCS 317/35)

Sec. 35. Fees, renewals, continuing education, and required insurance.

(a) The fees for an original license and each renewal and

for duplicate copies of licenses shall be determined by the State Fire Marshal by rule.

- (b) Each license must be renewed every 2 years. Each licensee must complete 16 hours of continuing education in the 2-year period following his or her renewal or initial licensure after the effective date of this amendatory Act of the 97th General Assembly. Current licensure as a professional engineer or proof of current NICET certification in Level III or IV shall satisfy this requirement for designated certified persons. Continuing education offered through nationally recognized building and fire code organizations and their affiliates; nationally recognized fire sprinkler organizations and their affiliates; institutions of higher education; educational bodies specializing in automatic fire suppression system technology; as well as other entities approved by the State Fire Marshal shall be also acceptable. All continuing education entities seeking to be approved providers of continuing education shall make application to the State Fire Marshal and offer programs that:
 - (1) contribute to the advancement, extension, or enhancement of the professional skills or technical knowledge of the licensee in the practice of fire sprinkler contracting; and
 - (2) are developed and presented by persons with education or experience in the subject manner of the program.
- (c) Any person who fails to file a renewal application by the date of expiration of a license shall be assessed a late filing charge, which shall be determined by the State Fire Marshal by rule.
- (d) All fees shall be paid by check or money order. Any fee required by this Act is not refundable in the event that the original application or application for renewal is denied.
- (e) Every application for an original license shall be accompanied by a certificate of insurance issued by an insurance company authorized to do business in the State of Illinois or by a risk retention or purchasing group formed pursuant to the federal Liability Risk Retention Act of 1986, which provides primary, first dollar public liability coverage of the applicant or licensee for personal injuries for not less than \$500,000 per person or \$1,000,000 per occurrence, and, in addition, for not less than \$1,000,000 per occurrence for property damage. The insurance policy shall be in effect at all times during the license year and a new certificate of insurance shall be filed with the State Fire Marshal within 30 days after the renewal of the insurance policy. (Source: P.A. 97-112, eff. 7-14-11.)

(225 ILCS 317/40)

Sec. 40. Deposit of fines and fees; appropriation. All administrative civil fines and fees collected pursuant to the Act shall be deposited into the Fire Prevention Fund, a special fund in the State treasury. The General Assembly shall appropriate the amount annually collected as administrative civil fines and fees to the State Fire Marshal for the purposes of administering this Act.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/45)

Sec. 45. Home rule. A home rule unit may not regulate the installation and repair of fire sprinkler systems in a manner

less restrictive than the regulation by the State on the installation and repair of fire sprinkler systems under this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/50)

- Sec. 50. Powers and duties of the State Fire Marshal. The State Fire Marshal has all of the following powers and duties:
- (a) To prescribe and furnish application forms, licenses, and any other forms necessary under this Act.
- (b) To suspend, revoke, or refuse to issue or renew licenses for cause.
- (c) To conduct hearings concerning the suspension, revocation, or refusal to issue or renew licenses.
 - (d) To levy and collect fines pursuant to this Act.
- (e) To promulgate rules and regulations necessary for the administration of this $\mbox{\rm Act.}$

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/55)

Sec. 55. Rules; public hearing. Subject to the requirement for public hearings as provided in this Section, the State Fire Marshal shall promulgate, publish, and adopt, and may, from time to time, amend such rules as may be necessary for the proper enforcement of this Act, to protect the health and safety of the public. The State Fire Marshal shall hold a public hearing prior to the adoption or amendment of rules required under this Act. The State Fire Marshal may, when necessary, utilize the services of any other State agency to assist in carrying out the purposes of this Act.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/60)

- Sec. 60. Grounds for disciplinary action. The following constitute grounds for disciplinary action by the State Fire Marshal:
- (1) Violation of any provision of this Act or of any rule adopted pursuant thereto.
- (2) Violation of the applicable building codes or laws of this State or any municipality or county thereof.
- (3) Diversion of funds or property received for prosecution or completion of a specified construction project or operation when, as a result of the diversion, the contractor is, or will be, unable to fulfill the terms of her or his obligation or contract.
- (4) Disciplinary action by any municipality or county, which action shall be reviewed by the State Fire Marshal before taking any disciplinary action.
- (5) Failure to supervise the installation of the fire protection system covered by the installation permit signed by the contractor.
- (6) Rendering a fire protection system, standpipe system, or underground water supply main connecting to the system inoperative except when the fire protection system, standpipe system, or underground water supply main is being inspected, serviced, tested, or repaired or pursuant to court order.
- (7) Improperly servicing, repairing, testing, or inspecting a fire protection system, standpipe system, or

underground water supply main connecting to the system.

- (8) Failing to provide proof of insurance to the State Fire Marshal or failing to maintain in force the insurance coverage required by this Act.
- (9) Failing to obtain, retain, or maintain one or more of the qualifications for a designated certified person as specified in this Act.
- (10) Making a material misstatement or misrepresentation or committing a fraud in obtaining or attempting to obtain a license.
- (11) Failing to notify the State Fire Marshal, in writing, within 30 days after a change of residence address, principal business address, or name.
- (12) Failure to supply within a reasonable time, upon request from the State Fire Marshal or its authorized representative, true information regarding material used, work performed, or other information essential to the administration of this Act.
- (13) Aiding or abetting a person to violate a provision of this Act, conspiring with any person to violate a provision of this Act, or allowing a license to be used by another person. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/65)

Sec. 65. Notice; suspension, revocation, or refusal to renew a license.

- (a) Whenever the State Fire Marshal determines that there are reasonable grounds to believe that a licensee has violated a provision of this Act or the rules adopted under this Act, the State Fire Marshal shall give notice of the alleged violation to the person whom the license was issued. The notice shall (i) be in writing; (ii) include a statement of the alleged violation which necessitates issuance of the notice; (iii) contain an outline of remedial action that, if taken, will effect compliance with the provisions of this Act and the rules adopted under this Act; (iv) prescribe a reasonable time, as determined by the State Fire Marshal, for the performance of any action required by the notice; and (v) be served upon the licensee. The notice shall be deemed to have been properly served upon the person when a copy of the notice has been sent by registered or certified mail to his or her last known address as furnished to the State Fire Marshal or when he or she has been served the notice by any other method authorized by law.
- (b) If the person to whom the notice is served does not comply with the terms of the notice within the time limitations specified in the notice, the State Fire Marshal may proceed with action to suspend, revoke, or refuse to issue a license as provided in this Section.
- (c) Other requirements of this Act notwithstanding, when the State Fire Marshal determines that reasonable grounds exist to indicate that a violation of this Act has been committed and the violation is the third separate violation by that person in an 18-month period, the notice requirement of subsection (a) of this Section is waived and the State Fire Marshal may proceed immediately with action to suspend, revoke, or refuse to issue a license.
- (d) In any proceeding to suspend, revoke, or refuse to issue a license, the State Fire Marshal shall first serve or cause to be served upon the licensee a written notice of the State Fire Marshal's intent to take action. The notice shall

specify the way in which the person has failed to comply with this Act or any other rules or standards of the State Fire Marshal.

- (e) In the case of revocation or suspension, the notice shall require the person to remove or abate the violation or objectionable condition specified in the notice within 5 days. The State Fire Marshal may specify a longer period of time as it deems necessary. If the person fails to comply with the terms and conditions of the revocation or suspension notice within the time specified by the State Fire Marshal, the State Fire Marshal may revoke or suspend the license.
- (f) In the case of refusal to issue a license, if the person fails to comply with the Act or rules or standards promulgated under the Act, the State Fire Marshal may refuse to issue a license.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/70)

Sec. 70. Administrative hearing. The State Fire Marshal shall give written notice by certified or registered mail to an applicant or licensee of the State Fire Marshal's intent to suspend, revoke, or refuse to issue a license or to assess a fine. Such person has a right to a hearing before the State Fire Marshal. A written notice of a request for a hearing shall be served on the State Fire Marshal within 10 days of notice of the refusal, suspension, or revocation of a license or imposition of a fine. The hearing shall be conducted by the State Fire Marshal or a hearing officer designated in writing by the State Fire Marshal. A stenographic record shall be made of the hearing and the cost of the hearing shall be borne by the State Fire Marshal. A transcript of the hearing shall be made only upon request of the applicant or licensee and shall be transcribed at the cost of that person.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/75)

Sec. 75. Subpoena powers; administration of oath. The State Fire Marshal or hearing officer may compel by subpoena or subpoena duces tecum the attendance and testimony of witnesses and the production of books and papers. All subpoenas issued by the State Fire Marshal or hearing officer may be served as provided for in a civil action. The fees of witnesses for attendance and travel shall be the same as the fees for witnesses before the circuit court and shall be paid by the party at whose request the subpoena is issued. If such subpoena is issued at the request of the State Fire Marshal, the witness fee shall be paid as an administrative expense.

In the case of refusal of a witness to attend or testify or to produce books or papers concerning any matter upon which he or she might be lawfully examined, the circuit court of the county where the hearing is held, upon application of any party to the proceeding, may compel obedience by a proceeding for contempt.

The State Fire Marshal or hearing officer has the authority to administer oaths to witnesses. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/80)

Sec. 80. Deposition of witnesses; testimony at hearing recorded. In the event of the inability of any party or the State Fire Marshal to procure the attendance of witnesses to

give testimony or produce books and papers, the party or the State Fire Marshal may take the deposition of witnesses in accordance with the laws of this State. All testimony taken at a hearing shall be reduced to writing and all such testimony and other evidence introduced at the hearing shall be a part of the record of the hearing.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/85)

Sec. 85. Certification of record. The State Fire Marshal is not required to certify any record or file any answer or otherwise appear in any proceeding for judicial review unless the party filing the complaint deposits with the clerk of the court the sum of one dollar per page representing the costs of the certification. Failure on the part of the plaintiff to make the deposit shall be grounds for dismissal of the action. (Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/90)

Sec. 90. Injunction. Faulty fire sprinkler installation and repair is declared a violation of this Act and inimical to the public health, welfare, and safety and a deceptive business practice. The State Fire Marshal, in the name of the People of the State, through the Attorney General or the State's Attorney of the county in which the violation occurs may, in addition to other remedies herein provided, bring an action for an injunction to restrain such violation or enjoin the future performance of the person who committed the violation until compliance with the provisions of this Act has been obtained.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/95)

Sec. 95. Penalty. Any person who violates this Act or any rule adopted by the State Fire Marshal, or who violates any determination or order of the State Fire Marshal under this Act shall be guilty of a Class A misdemeanor and shall be fined a sum not less than \$100.

Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurred or the Attorney General shall bring such actions in the name of the people of the State of Illinois.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/100)

Sec. 100. Administrative civil fines. The State Fire Marshal is empowered to assess administrative civil fines against a licensee for violations of this Act or its rules. These fines shall not be greater than \$1,000 for each offense. These fines shall be in addition to, or in lieu of, license suspensions and revocations. Rules to implement this Section shall be adopted by the State Fire Marshal within 6 months after the effective date of this Act.

The hearing officer shall, upon determination that a violation of the Act or rules has occurred, determine the amount of these fines. Any fine assessed and not paid within 60 days after receiving notice of the fine from the State Fire Marshal may be submitted to the Attorney General's office for collection. Failure to pay a fine shall also be grounds for immediate suspension or revocation of a license issued under this Act.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/105)

Sec. 105. Judicial review of final administrative decision. The Administrative Review Law and the rules adopted under the Administrative Review Law apply to and govern all proceedings for judicial review of final administrative decisions of the State Fire Marshal under this Act. Such judicial review shall be had in the circuit court of the county in which the cause of the action arose. The term "administrative decision" is defined in Section 3-101 of the Code of Civil Procedure.

(Source: P.A. 92-871, eff. 1-3-03.)

(225 ILCS 317/110)

Sec. 110. Illinois Administrative Procedure Act. The provisions of the Illinois Administrative Procedure Act are hereby expressly adopted and shall apply to all administrative rules and procedures of the State Fire Marshal under this Act, except that, in the case of conflict between the Illinois Administrative Procedure Act and this Act, the provisions of this Act shall control, and except that Section 5-35 of the Illinois Administrative Procedure Act relating to procedures for rule-making does not apply to the adoption of any rule required by federal law in connection with which the State Fire Marshal is precluded by law from exercising any discretion.

The Certification Requirements

Established by volunteer technical experts devoting time and effort to build and improve the programs. Knowledge is measured with exams, experience through a work history evaluation and performance by supervisor verification. The requirements vary by program and progress in difficulty through NICET's "Career Track" levels.

Office of the State Fire Marshal

May 26, 2017

RE: Ability of Local Enforcers to Apply Ill. Adm. Code Requirements with Specific Attention to Automatic Sprinkler System Inspection, Testing and Maintenance

To Whom It May Concern,

The purpose of this correspondence is to verify that authorities of local units of government have the ability to enforce the requirements of the Fire Sprinkler Contractor Licensing Rules promulgated by the Office of the State Fire Marshal (OSFM). These rules are found at 41 Ill. Adm. Code 109 and were developed by the OSFM under the authority of both the Fire Investigation Act [425 ILCS 25] and the Fire Sprinkler Contractor Licensing Act [225 ILCS 317]. More specifically, the Fire Investigation Act provides that the OSFM "shall adopt and promulgate such reasonable rules as may be necessary to protect the public" from fire-related dangers [425 ILCS 25/9]. Accordingly, the OSFM has adopted NFPA 101, Life Safety Code, as the Illinois Fire Prevention and Safety code. [41 Ill. Adm.Code 100.7]. NFPA 101 expressly adopts NFPA 25, "Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems" in its entirety. As such, NFPA 25 is considered enforceable State-wide as part of the Illinois Fire Prevention and Safety code.

The Fire Sprinkler Contractor Licensing Act also mandates that the OSFM adopt rules "to protect the health and safety of the public" [225 ILCS 317/55]. The OSFM's administrative rules specifically require that fire sprinkler systems shall be installed, repaired and maintained in accordance with the standards and recommended practices in effect at the time of installation or alteration. As you will see below, NFPA 25 "Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems" is one of the identified compliance standards for Illinois fire sprinkler systems:

Section 109.110 Compliance Standards

a) The fire sprinkler system shall be installed, repaired and maintained in accordance with the edition of the following copyrighted standards and recommended practices in effect at the time of installation or alteration.

These standards are available from the National Fire Protection Association, 1 Batterymarch Park, Quincy MA 02269-7471.

- 1) NFPA 13 Standard for the Installation of Sprinkler Systems;
- 2) NFPA 13D Standard for the Installation of Sprinkler Systems in One-and Two-Family Dwellings and Manufactured Homes;
- 3) NFPA 13R Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and Including Four Stories in Height;
- 4) NFPA 14 Standard for the Installation of Standpipe and Hose Systems;
- 5) NFPA 15 Standard for Water Spray Fixed Systems for Fire Protection;
- 6) NFPA 16 Standard for the Installation of Foam-Water Sprinkler and Foam-Water Spray Systems;
- 7) NFPA 20 Standard for the Installation of Stationary Fire Pumps of Fire Protection;
- 8) NFPA 22 Standard for Water Tanks for Private Fire Protection;
- 9) NFPA 24 Standard for the Installation of Private Fire Service Mains and Their Appurtenances;
- 10) NFPA 25 Standard for the Inspection, Testing and Maintenance of Water-Based Fire Protection Systems.

Home rule units may not regulate the installation and repair of fire sprinkler systems in a manner less restrictive than the regulation by the State on the installation and repair of fire sprinkler systems under the Fire Sprinkler Contractor Licensing Act. [225 ILCS 317/45].

If you have further questions concerning this issue please contact me or the OSFM's Legal or Technical Services Division staff for further guidance.

Respectfully,

Matt Perez

State Fire Marshal
